SMALL-SPACE RESET PLANNER

Give one awkward corner a job. Use this page to make room before you buy more storage.

MY ZONE: ONE DRAWER, SHELF OR CORNER

1 Decide what this space needs to do

2 Measure the useful space

CLEAR WIDTH	CLEAR DEPTH	CLEAR HEIGHT

Unit used: _____ Door / drawer opening clearance: _____

Measure inside edges, hinges and handles. Check the item dimensions and how it opens, not just whether the box fits.
